Issue 208 10th March 2017

St Pirans Day

Year 7 students worked hard to produce the St Piran's day artwork consisting of shields, bunting and flowers. The designs were strong and bold which looked very effective.

On Saturday, 4th March, regardless of the rather cold, wet and blowy weather, students' spirits were high as they joined the parade and marched through the town of Redruth.

Onlookers were impressed with their bright and cheery designs and the school samba band accompanied the march bringing an uplifting beat. Kerra (student) said, "It is a great way to celebrate and keep Cornish traditions alive."

World Book Day

To celebrate World Book Day, 2nd March, staff from Art and English dressed up. Students were thrilled to see their

English teachers dressed as characters from the Harry Potter series. Art staff dressed as characters from Alice in Wonderland. Students were keen to discuss their favourite books, authors and stories.

Redruth students will shortly be voting for their favourite book for the Kernow Youth Book Awards (KYBA). Rehearsals are now underway for their presentation performance to the shortlisted authors at the KYBA ceremony in April.

Future Stars Baker Tom's Bread

Students have enthusiastically been signing up for and attending Future Stars sessions throughout this year. They have had the opportunity to take part in a range of sessions to inspire and challenge them. Having learnt about different industries and the opportunities within different sectors of employment, students are well placed to consider their future education and career choices.

Baker Tom's Bread was the most recent session for our Future Stars. Students were interested to hear about the origins of soda bread and the fermentation process. They watched a demonstration of breadmaking, which was extraordinarily quick and asked lots of questions. Besides watching and listening the students were delighted to be given a huge piece of dough to create 3 and 5 strand plaited bread loaves, and eagerly awaited their results from the oven!

REDRUTH SCHOOL

Expect the Best

As part of National Science Week we invite All Year 5s to our

Super Fun

Science Saturday

18th March 2017

9am—Midday
