Pirate-Ed

Five Redruth School students were delighted to be offered the opportunity to work with Pirate FM's Education and Training Department this week. Kayleigh Bray from Pirate FM explained, "The students came in to record the official advert for Pirate Education and Training, the new department at Pirate FM. We are providing fun and innovative ways of working with children, young people and adults across Cornwall in schools, businesses and communities.

The students created the advert on our top of the range media bus, they are the first group of students ever to use the bus!

I specifically asked for Redruth students as I know the high standard of behaviour and willingness to get involved with activities I would find working with them.

Hopefully this is the first of many projects with Redruth School!"
